V-Air® SOLID multi-phasing passive air freshener
with sub-micron fragrance technology

VECTAIR
V-AIR®
SOLID

Multi-phasing, sub-micron technology. VOC Exempt.

VOC exempt

V-Air® SOLID is VOC exempt and waste-free.

It is completely free of any solvents, propellants, HFCs and harmful volatile organic compounds (VOCs) – the truly safe solution for your aircare needs. The refill is 100% organic and biodegradable and the dispenser is 100% recyclable.

No batteries required

V-Air® SOLID contains no batteries.

It is designed so that it does not need any external power source such as oxygen or hydrogen fuel cells, and it doesn't rely on gravity – all it needs to work is natural airflow.

Sub-micron technology

V-Air® SOLID utilizes pioneering multi-phasing sub-micron technology.

The V-Air® SOLID particles enable superior fragrance delivery, yet are sized typically below 1.0 micron. This means they are much smaller and lighter than the particles in other fragrance systems, remaining airborne for many hours. This makes V-Air® SOLID highly effective whilst being safe for public areas and continuous exposure.

How does it work?

V-Air® SOLID incorporating sub-micron technology is made up of a unique ceramic capsule and a fragrance core.

This, combined with a passive dispenser, delivers consistent fragrance intensity.

The ceramic capsule is infused with high quality perfumes, then complemented by an integrated internal fragrance core. These combine and diffuse powerful key fragrance notes that are subtly different. The diffusion rate of fragrance moving through the ceramic capsule is much different to the fragrance evaporating from the surface of the fragrance core. This means that the start fragrance transforms into something very different over time.

These blends of complementary but differing fragrance notes specifically eliminate fragrance fatigue in a revolutionary way, all from one single passive aircare system.

*Patents pending

...completely free of any solvents, propellants, HFCs and harmful volatile organic compounds (VOCs) – **the truly safe solution for your aircare needs.**

V-Air® SOLID
MVP Dispenser

The multi-award winning V-Air® SOLID has been recognized both in Europe and the USA for its innovation and environmentally friendly features;

Distributor Choice Award Winner 2015: Sanitary Maintenance Magazine, Distributor Choice Awards, Trade Press Media Group, USA.

Green Apple Award Winner 2015: Green Apple Awards for Environmental Best Practice 2015, Green World Ambassador 2016, The Green Organization, England.

Innovation Award: Washroom Hygiene category: The Cleaning Show, The Cleaning Show Innovation Awards 2015, England.

Best Innovation Award – Washroom Hygiene category – 2016 Clean India Awards.

V-Air[®] SOLID multi-phasing passive air freshener

Science made simple

Technology doesn't have to be technical. In fact, science can make things simple.

The technology behind V-Air[®] SOLID is packed into one powerful refill component, so we've done the hard work for you – no fuss, just fragrance. A fully recyclable retaining clip attaches the refill to the dispenser.

Harmonized fragrances

Part of the 'Harmonize Your World' range of air fresheners.

Whether you need urinal screens placed in a men's urinal, a passive air freshener in a general restroom area or a discreet fragrance solution in separate toilet stalls, our aircare solutions complement each other with matching fragrances. Creating one, collective wave of fine fragrance throughout each product's life cycle. Clever, right?.

No leaks

V-Air[®] SOLID contains no liquids so won't spill, even if it is knocked over.

This ensures safety in use and in transportation. V-Air[®] SOLID is unaffected by climatic conditions, the most common cause of passive cartridges failing. It will not dry out during its lifetime like traditional gel systems.

V-Air[®] SOLID. Multi-phasing, sub-micron fragrance technology packed into just a single component. The science in V-Air[®] SOLID speaks for itself.

6 fresh standard fragrances

V-Air® SOLID MVP Dispenser

- > The V-Air® SOLID MVP Dispenser design co-ordinates with the cutting edge Vectair MVP range of dispensers.
- > Smaller, lighter dispenser. 100% recyclable dispenser.
- > Sleek & discreet in virtually all interior environments.
- > Battery/fan free, requiring just natural airflow to operate.
- > Two fully open sides of the dispenser - superior fragrance dispersal due to enhanced natural airflow exposure.
- > Can be wall mounted (fixed through nail/screw etc.), wall mounted (using self-adhesive pads) and free standing.
- > Keyed lock for added security.
- > Up to 60 days fragrance dispersal.
- > Fragrance delivery to areas up to 170m³.
- > Dispenser available in white, chrome & black.
- > Dimensions: (H) 138mm (W) 60mm (D) 69mm
- > Product code: VAIR-MVPW – White
VAIR-MVPC – Chrome
VAIR-MVPB – Black

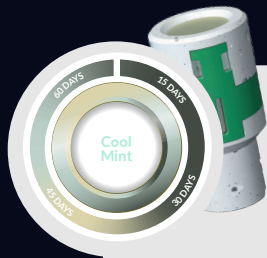

Natural fragrance dispersal.

There are two dispenser options for V-Air® SOLID, increasing choice and to suit your preference. Each dispenser is battery free, needing only air to operate. One dispenser co-ordinates with the Vectair Family range of dispensers while one is suited to the Vectair MVP range.

V-Air® SOLID Family Dispenser

- > The V-Air® SOLID Family Dispenser co-ordinates with the original Vectair Family range of dispensers.
- > Can be wall mounted or free standing.
- > Keyed lock for added security.
- > 100% recyclable dispenser.
- > Six air "pockets" either side of the dispenser allow for natural airflow to disperse fragrance.
- > Battery free.
- > Up to 60 days fragrance dispersal.
- > Fragrance delivery to areas up to 170m³.
- > Dispenser available in white.
- > Dimensions: (H) 182mm (W) 72mm (D) 70mm
- > Product code: VAIR-W

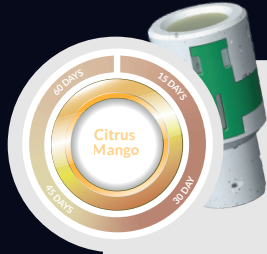

Cool Mint

Beginning with crisp cedar and pine, the fragrance evolves into a cooling herbal aroma, transforming into a sparkling blend of energizing wild mint and eucalyptus, with a touch of lemon spearmint.

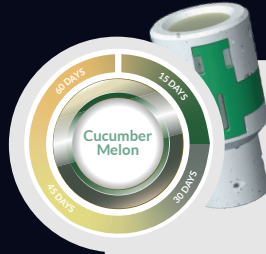

Ocean Spray

Opening with a mixture of clove, jasmine and lemon peel, this floral blend blossoms into a wave of soapy, cool marine musk.

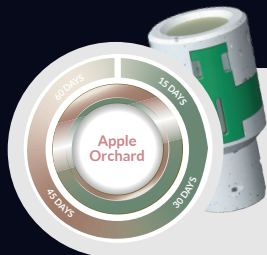

Citrus Mango

This fruity cocktail starts with a burst of fresh citrus peel and juicy berries, opening the way to a lively lime with vanilla ice cream, and departing with a punch of peach and mango musk.

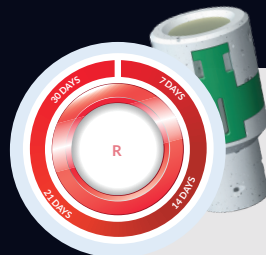

Cucumber Melon

A heavenly mix of sweet and subtle. A fresh crush of cucumber leads into a calming melon, which drifts into an uplifting peach.

Apple Orchard

Your senses embark on an indulgent journey of taut apple, leading into spicy rich aromas of clove, cinnamon and nutmeg, with a touch of velvety vanilla.

R

This mix of essential oils blend Citronella, Eucalyptus and Geraniol to create a strong, natural and effective fragrance that lasts up to 30 days.
